

Digital Ink Jet Printing

Single or multi-lines

QR codes

Description:

Enables printing of unique alpha-numeric characters, 2D codes e.g. QR codes and mono half-tone images.

Lead Time:

6 weeks

Key Considerations:

Digital inkjet printing enables daily printing of unique alpha-numeric characters.

The kit also supports 2D codes e.g. QR codes and mono half-tone images. This facility can, in principle, also be used on daily and Sunday titles.
